MICHIGAN SUPREME COURT
MICHIGAN JUDICIAL INSTITUTE

PO Box 30048 • Lansing, MI 48909
Telephone: (517) 373-7171 • Website: mjieducation.mi.gov

One Court of Justice

Chief Justice

Robert P. Young, Jr.

Justices

Stephen J. Markman
Brian K. Zahra
Bridget Mary McCormack
David Viviano
Richard H. Bernstein
Joan L. Larsen

The primary functions of MJI are to:

- Develop and conduct live educational seminars for judicial branch employees using recognized subject-matter experts as faculty;
- Develop and conduct educational seminars using distance learning methods, such as webcasting and web-based training;
- Research, write, and update legal reference publications; and
- Operate the Michigan Supreme Court Learning Center, housed in the Michigan Hall of Justice and designed to introduce children and adults to Michigan's judicial system.

Primary services include providing a comprehensive continuing education program for judicial branch employees; assisting judicial associations and external organizations to plan and conduct training events; providing complete and up-to-date legal reference materials for judges, quasi-judicial hearing officers, and others; maintaining a reference library for use by judicial branch employees; and conducting tours of and other public outreach activities for the Michigan Supreme Court Learning Center.

Jury Management Seminar

JURY MANAGEMENT: THE NEW PERFORMANCE MEASURE

September 21, 2016

JURY DUTY

PURPOSE – WHAT WE WILL COVER TODAY

- Jury Management as a Performance Measure –
Assessing the efficiency of your court's operation
- New Reporting Requirements
- New MCAP Application for Reporting
- Using Jury Management Software

JURY MANAGEMENT AS A PERFORMANCE MEASURE – WHY?

- Courts have an obligation to respect the time of jurors
- Courts have an obligation to spend taxpayer money wisely
- Courts have a duty to manage all operations efficiently and effectively.

QUICK REVIEW OF KEY FACTORS IN YOUR COURT

- Number of jury trials your court typically has
- One step or two step process for qualifying and summoning jurors
- Terms of service
- Panel sizes the judge or judges in your court require for various case types
- Scheduling practices

WHAT WILL WE MEASURE AND WHAT DATA MUST BE COLLECTED TO MEASURE IT?

There are two distinct elements to the Jury Management Performance Measure. They are:

1. Juror Yield
2. Juror Utilization

Each has data collection and reporting requirements.

JUROR YIELD

Juror Yield is the % of jurors that were sent qualifications questionnaires that were qualified and available to serve. (The National Center for State Court's [NCSC] established a goal of 50% or greater)

1,742 qualified

3,500 sent questionnaires

= 49% yield

JUROR UTILIZATION COMPONENTS

A – Percent of jurors who were summoned that were told to report

B – Percent of jurors sent for jury selection

C – Percentage of panel used

PART A

Percent of jurors who were summoned that were told to report for service = number of jurors that were told to report divided by the number of jurors qualified and available for jury service who are summoned (NCSC's Goal is 90%)

- Important indication of whether the court is summoning more jurors than necessary.

$$\frac{656 \text{ told to report}}{896 \text{ summoned}} = 73\%$$

PART B

Percent of jurors sent for jury selection = the number of jurors that were sent to a courtroom for voir dire divided by the number of jurors that reported to the court. (NCSC's Goal is 90%)

- Important to determine if the court is telling more jurors to report for service than is necessary.

$$\frac{438 \text{ sent to courtroom}}{613 \text{ reported to court}} = 71\%$$

PART C

Percentage of panel used = the number of jurors that were either seated or challenged and excused divided by the total number of jurors sent to the courtroom. (NCSC's Goal is 90%)

- Important because it demonstrates whether you are sending too many jurors to a courtroom that are unnecessary for the jury process.

$$\frac{372 \text{ seated/excused}}{438 \text{ juror sent to courtroom}} = 85\%$$

OVERALL JUROR UTILIZATION RATE

Take the rates of each component A, B, C and multiply them by each other:

$$(73\% \times 71\% \times 85\%) = 44\% \text{ Juror Utilization Rate}$$

NCSC's overall juror utilization rate goal is
73%(90%x90%x90%)

JURY MANAGEMENT PERFORMANCE MEASURE – DATA REPORTING FOR 2016 AND 2017

- 2016
 - Juror yield (circuit only)
 - % of those summoned told to report
 - % of those who reported that were sent to courtroom
- 2017
 - % of those sent to a courtroom that were used
 - Overall juror utilization rate

Important Messages

Testing Period: September 1 - December 23, 2016

- The new Jury Statistics Report application will be available to Jury Statistics Report authorized users.
- Authorized Administrators and Regional users can login to courts.mi.gov/mcap using current MCAP usernames and passwords to preview and test the application
 - During testing, you may see a message stating that an e-mail was sent, however, the application does not send any e-mail messages during the testing period.
- To test Circuit Court and Non-Circuit court functionality please use TesterCourt(circuit) and Testerca (non-circuit) pwd: jsr
- Please send any questions or problems to autodev@courts.mi.gov
 - Use the subject line "JSR Testing - (description of the problem)."
 - In the e-mail message, please provide the steps you took and any errors you experienced, such as:
 - I clicked Data Entry.
 - I selected my court and entered 2015.
 - I received an error message, but was expecting to see a data entry screen.

Offline Period - December 26 - December 30, 2016

Live Reporting - January 1 - March 31, 2017

Data Entry / None to Report / Verification

- Enter / edit / verify yield data for a county.
- Enter / edit / verify utilization data for a court.

Important Dates

- Reporting for 2015 is currently open. It is due on 1/31/2016.
- Reporting for 2016 will open on 1/1/2017.
- Reporting for 2016 will be due on 1/31/2017.

2015 Juror Utilization for 30th Circuit Court

Questions and Answers

❓ What is JSR?

❓ When is the first annual report due?

❓ What are the two sections of this report?

❓ What is juror yield?

❓ What should be reported in the juror yield section of the 2016 report?

❓ Which court submits the juror yield numbers?

❓ Our court did not summon any jurors or hold any trials during the year. Does my court still have to submit a report?

❓ What is juror utilization?

❓ Which court submits the juror utilization numbers?

❓ My court shares a juror pool with another court, so I cannot determine how many jurors were summoned to my court separately from the other court. How do I submit my report?

❓ The circuit court submitted the juror utilization numbers for my court because we share a juror pool. Do I still need to report something through the JSR application?

❓ My court is unable to report the number of jurors sent to a courtroom in 2016. Can I still submit a report?

❓ My court is unable to report the number of jurors questioned in voir dire in 2016. Can I still submit a report?

Questions and Answers

? What is JSR?

The JSR is the annual Jury Statistics Report and application.

? When is the first annual report due?

Courts will submit the 2016 report during March 2017. The annual reporting deadline is March 31.

? What are the two sections of this report?

The **juror yield section** is related to the number of juror questionnaires sent and returned and the number of jurors qualified and able to serve. The **juror utilization section** is related to the number of jurors summoned and used by the court.

? What is juror yield?

Juror yield is the number of potential jurors who are qualified and able to serve as a percentage of juror qualification questionnaires sent.

? What should be reported in the juror yield section of the 2016 report?

? Which court submits the juror yield numbers?

? Our court did not summon any jurors or hold any trials during the year. Does my court still have to submit a report?

? What is juror utilization?

Juror utilization consists of three separate components. They are:

JURY MANAGEMENT SOFTWARE

BENEFITS

- Most jury management packages improve three areas relating to the new SCAO dashboard item:
 - Increasing public access to jury via web portals, phone systems or other interfaces helps improve yield rates.
 - Most of the data required of the SCAO dashboard item are standard measures housed in these systems.
 - Data is maintained permanently and transparently.
- Approximately 40% of Berrien County's jurors complete the questionnaire or check their reporting status via the internet.
 - Some places have switched to using only electronic questionnaires, saving thousands in postage.

YIELD AT A GLANCE

- 131 Confirmed (available) jurors out of 210 in the pool equates out to a 62% yield for Berrien's Week of 8/22.

N=210

YIELD AND UTILIZATION CALCULATORS

The screenshot displays the Courthouse JMS interface. At the top, it shows 'Next Summons Run: Fri, Sep 09, 2016 5:00 PM'. The main area is a 'CALENDAR - MONTH VIEW' for September 2016. A dropdown menu is open over the calendar, listing various reports. The 'Yield' and 'Utilization' options are circled in red. The calendar grid shows dates from 1 to 31, with some dates having associated case numbers and status indicators (e.g., 0/275, 0/0).

UTILIZATION REPORT

- Berrien does not currently use the utilization report in our system because we have not yet convinced the courtrooms to begin using the JMS during voir dire.
- We plan to pilot this process during the fall/winter in order to fully realize the system's efficiency in 2017.

GET “LIVE”

- Berrien has recently opened our system to host other courts. Currently hosting Cass, VanBuren and St. Joseph with Otsego possibly joining in the coming months.
- The JIS solution.
 - As you may have heard, the NGJIS/MiCourt project has been stopped. That system was slated to eventually house an internal jury component.
 - In the absence of NGJIS/MiCourt, many courts have begun seriously considering jury systems with most major counties in the state now working with a third party provider.

QUESTIONS AND COMMENTS

CONCLUSION

- Questions and comments.
- Please complete the evaluation
- Make sure you obtain your parking ticket.
